### ORGANIZATIONAL CHART

# **PUBLIC SECTION**

### **3D PRINTING**

The Laramie County Library System's 3D printer is available to the public to make three-dimensional objects in plastic or other filament material using a design that is uploaded from a digital computer file.

1. Users utilizing the library's 3D printing services agree to abide by current library 3D printing procedures/guidelines.
2. Users will not be permitted to use the library's 3D printer to create material that is:
  - a. prohibited by local, state or federal law
  - b. unsafe, harmful, dangerous, or an immediate threat to the well-being of others
  - c. construed as having the intent to harm
  - d. obscene or otherwise inappropriate for the library environment
  - e. a gun, gun part, weapon, or a salacious object
  - f. in violation of another's intellectual property rights
3. Printed objects must not infringe upon any third party's intellectual property rights. By submitting content or objects, the user agrees to assume all responsibility for, and shall hold the library harmless in all matters related to patented, trademarked, or copyrighted materials.
4. Library programs and needs regarding 3D printer usage take precedence over the public's use of the device.
5. The library reserves the right to refuse any 3D print request.
6. The library is not responsible for any damage, loss, or security of data arising from the use of its computers, equipment or network, nor for the functionality or quality of content produced on the 3D printer.
7. Responsibility for removing rafts and supports is up to the user. The library cannot guarantee model quality or stability, or confidentiality of designs.
8. The print must fit within the printer's volume and then may not be a file larger than 10 mgs.
9. The user agrees to pay all fees associated with 3D printing prior to picking up their object.
10. Costs are determined by the amount of filament and other materials used during the printing process. After the object is created, it will be weighed. Users will be charged \$0.25 per gram rounded up to the nearest gram. There is a minimum cost of \$1.00 for any print request. For example, a 1 gram object will cost \$1.00 to print (the minimum

fee), not \$0.25. Upon request, users may wish to print with a more expensive type of filament such as flexible filament. This type of filament is more expensive than regular PLA filament. The cost for this type of filament will be \$1.00 per gram. The cost of other types of filament will be determined by the library.

11. Items printed from library's 3D printer that are not picked up within 7 days of notification of printing completion will become property of the Laramie County Library System.
12. Items must be picked up by the individual who printed them.

Only designated library staff and volunteers will have direct access to the 3D printer.

2. Some of the most current and up-to-date sources of information today are only available via the internet.
3. The Laramie County Library System supports intellectual freedom, but does reserve the right to limit access to services deemed incompatible with the stated intent of internet service.

7. Filtering is used to block sites that are illegal or inappropriate for a public place. The categories listed next are the headings used by the filtering software company. Sites blocked include, but are not limited to, gambling, child pornography/child abuse (sites showing children being abused), malicious code viruses, pornography/adult content, and spyware.
8. Filtering software is not foolproof. Sites that fall under the above categories may occasionally and inadvertently be accessible on Laramie County Library System computers.

10. Parents/guardians do have the option of further filtering by selecting the most restrictive library card for a minor. The additional sites that are blocked on the most restricted card under this policy are chat sites, R-rated sites and obscene/tasteless sites.
11. Parents are encouraged to educate their children concerning safety and security when using the internet.
12. The library is not responsible for any liability that may occur as a result of the disclosure of any personal information over its public computers and network.
13. The library is not responsible for any damage to personal devices or to the files downloaded to personal devices or file storage media.
14. The computers in the library may not be available at times due to upgrades, power outages, closure due to weather or other issues out of the library's control.
15. Guest usage of library computers that have internet access and other software is \$1 per day.

## **LCD PROJECTOR**

## **LIBRARY BILL OF RIGHTS**

Laramie County Library System adheres to the tenets of the Library Bill of Rights as adopted by the American Library Association.

## **LIBRARY BILL OF RIGHTS**

The American Library Association affirms that all libraries are forums for information and ideas, and that the following basic policies should guide their services.

1. Books and other library resources should be provided for the interest, information, and enlightenment of all people of the community the library serves. Materials should not be excluded because of the origin, background, or views of those contributing to their creation.
2. Libraries should provide materials and information presenting all points of view on current and historical issues. Materials should not be proscribed or removed because of partisan or doctrinal disapproval.
3. Libraries should challenge censorship in the fulfillment of their responsibility to provide information and enlightenment.
4. Libraries should cooperate with all persons and groups concerned with resisting abridgment of free expression and free access to ideas.
5. A person's right to use a library should not be denied or abridged because of origin, age, background, or views.
