

## Let's write the letter "A"

Help your child **write** the letter A. Encourage your child to use their finger to trace the letters on the cards in the pocket chart and discuss how letters are made. Encourage your child to play with the drag and draw paint activity board which helps with dexterity and motor skills as well as color recognition. Reading and **writing** go together and children learn pre-reading skills through **writing** activities.

This **Learning Spot** features the **WRITE** Early Literacy Practice.

### "A" words

Apple	Ape	And	Airplane	Ant
At	Apron	Air	As	Astronaut
All	A	An	Art	Ask
