# EXHIBITS & SPECIAL *Events*

NATIVE PEOPLES' CONCEPTS  
OF HEALTH AND ILLNESS

**January 7 - February 13, Library hours**  
**Exhibits on 1st and 3rd Floors**

*Native Voices* explores the interconnectedness of wellness, illness, and cultural life for Native Americans, Alaska Natives, and Native Hawaiians. Stories drawn from both the past and present examine how health for Native People is tied to community, the land, and spirit. Through interviews, Native People describe the impact of epidemics, federal legislation, the loss of land, and the inhibition of culture on the health of Native individuals and communities today.

The U.S. National Library of Medicine (NLM) developed and produced *Native Voices: Native Peoples' Concepts of Health and Illness*. The American Library Association (ALA) Public Programs Office, in partnership with NLM, tours the exhibition to America's libraries.

### The Stories Native Heroes Tell: Native Voices Opening Night

**Tuesday, January 15**  
**6:30 – 8pm**

Dr. Lee Francis IV shares stories for a living with topics that range from World War II Navajo Code Talkers to Indigenous Superhero Teams. Called "the Stan Lee of Native Comics," Francis's comics portray powerful native heroes who offer a paradigm shift in the way indigenous peoples are represented. As a comic book creator, the founder and CEO of printing press *Native Realities*, the owner of *Red Planet Books and Comics*, a member of the Laguna Pueblo Tribe, and a talented speaker, Francis will speak about stories and the way he tells them. The presentation promises to be as powerful and as super as the heroes in his stories! Comics will be available to purchase after the event.

Set your imagination and creativity loose with an evening of Zentangle, cookies, and a cup of tea, with a variety of tea to choose from! Never heard of it? It's an easy-to-learn, relaxing, and fun way to create beautiful images by drawing structured patterns called "tangles." You create tangles with combinations of dots, lines, simple curves, S-curves, and orbs. Create your own Zentangle and take it home as a treasured piece of art!
